CURRENT RESIDENT

RE: Stream Restoration Project along an Unnamed Tributary of the Accotink Creek

Dear Property Owner:

At the upcoming City Council work session on Tuesday, June 28, 2016, the Council will be briefed on the preliminary feasibility work and project scope for the Stream Restoration Project along an Unnamed Tributary of the Accotink Creek. The limits of the stream restoration project are from Keith Ave. east to the new 123/Chain Bridge Rd. bridge, approximately 1,900 linear feet.

Please note that this is not a public hearing and the public will not be able to address City Council. After the Council work session, the next step will be a citizen outreach meeting where you will have the opportunity to review the concept plans and provide comments. You will be notified separately with the date and time of that meeting.

The work session will be held at 7 PM in the Work Session Room (Room 111) in City Hall, which is located at 10455 Armstrong Street, Fairfax, Virginia 22030. Please visit the City website at www.fairfaxva.gov to view the agenda for the meeting.

If you have any questions or comments, please contact me at (703) 273-3067 or by electronic mail at Christina.Alexander@fairfaxva.gov.

Sincerely,

A handwritten signature in blue ink, appearing to be "CA" followed by a stylized flourish.
